EXPERIENCE

Colourmoon technologies pvt ltd   **Full Time | Mar 2024 - oct 2024 | vizag, India**
project coordinater:

In my role as Project Coordinator, I managed project timelines, supported and checked all the websites and app's before reaching the client team collaboration, and ensured projects stayed on track. After achieving key milestones, I left to pursue new growth opportunities and gained hands on experience .

PROJECT(S):

Medpharma Focus website: https://startling-zuccutto-734ad0.netlify.app/
This website is about Pharma research purposes on Pharma exploration, technologies used (HTML, CSS, JavaScript).

Rayden Technologies: https://celadon-dragon-29721f.netlify.app/
This website is about provides the relevant products for railway purpose the technologies used (HTML, CSS, JavaScript).

Learning AI Tools website: https://abhilasha-gh.github.io/Ai-tools-blog-app/.
Problem: Many students and professionals struggle to stay productive, complete their tasks efficiently, and can't work quickly.
Solution: TaskFinder helps users organize tasks, stay focused, and boost productivity—making it easier to get things done.

SOLAR POWERED MULTI PURPOSE AGRICULTURAL ROBOT

Introducing a novel multi-purpose farming robot to address time- consuming tasks like weeding and seed distribution. Designed for small-scale farms in India, The machine handles seeding, spraying pesticides, fungicides, fertilizers, and grass trimming.

ACHIEVEMENTS:

- Successfully coordinated complex 50+ projects from inception to completion, optimizing team collaboration, managing timelines effectively, and consistently delivering high-quality results that exceeded client expectations.
- At college, led and hosted inspiring Women's Day and Teachers' Day events, creating meaningful experiences that celebrated.

CERTIFICATIONS

- Long-term virtual Internship program on Front-end Development provided by Smart Internz. Completed a 6-week internship course.
